European Project Semester

PROJECT OUTLINE

Project dates: September - December 2024	
Title: Development of web interfaces for LGP and UTTOP	

Project activity areas: Web site development, communication, design of web site, representation of laboratory structure on website, creation of platform of alert and reporting (for Equality, Diversity, Racism antisemitism mission), creation of mini films for exploring equality, diversity, racism and antisemitism	**Keywords:** Website, Web design, Logo, Platform, Internet, Communication, Mini-film, Audio-visual.
Tutor's name and coordinates Client – End-user: ENIT ENIT Technical Supervisor + contact: Bouchra HASSOUNE: bouchra.hassoune-rhabbour@uttop.fr	**Project origin** UTTOP and LGP

Project technical background:

This project aims to develop/design the web site of LGP laboratory, to create an alert/reporting platform for UTTOP students and integrate the information about all laboratory member and laboratory activities on social media and website. In this project, the transversal role will allow to work in close collaboration with the various departments of the university and laboratory. Thus, the project shall investigate several aspects of the problem:

- Develop intuitive and ergonomic web interfaces (website of LGP, social media of LGP and an alert/reporting platform for UTTOP)
- Collect the data from laboratory member for website
- Collect the data from UTTOP students for Equality, Diversity, Racism antisemitism mission
- Integrate all collecting data on the website and platform
- Design of platform (logo, structuration of laboratory and communication poster)
- Collaborate with students and professors for editing mini films for Equality, Diversity, Racism antisemitism mission (develop a script and edit a film….)

Studied topics:

- Solid foundations in web development
- Ability to design intuitive user interface
- Rigor, methodology and attention to detail
- Excellent team spirit and communication
- Stimulating work environment within a dynamic team
- Participation in concrete and impactful projects
- Mini film editing
